

# FPK Kids

Where Your Child's  
**Future** Begins

## Programs Offered

Using Common Core curriculum, FPK offers Reading, Writing, Math, & Science as well as Co-curricular programs that include art, PE, and music. Every summer, FPK also provides a 3 week program that is full of fun, learning enriched activities.

FPK is an English only program where all lessons and communication is in English. Don't worry about your child not knowing any English. FPK uses specific content and ELL Structures in lessons and throughout communication to make all ELL students comfortable as well as learn English quickly in an immersive environment.

### Yearly School Fees

Tuition Fee: 19,000,000₩  
Activities and Supplies: 1,000,000₩

## Enrollment Process

There are three (3) appointments that you and your child will need to attend:

### 1. Parent Consultation

During the Parent Consultation, you will learn all about the school's vision, programs, classes, tuition, and teachers, as well as take a tour of the school. If you would like to continue the enrollment process, with no obligation, you can then schedule the Student Evaluation for your child.

### 2. Student Evaluation

The Student Evaluation is a brief time when your child is observed in different settings like play, following directions, communication, and interacting with a teacher away from parents. This gives us a look into their language, social skills, and academic level. It's a simple evaluation to know what class they would do best in.

### 3. Parent Meeting

The final meeting is for you, the parents, to meet the Headmaster, Daniel Paxitzis. This meeting is to talk about your child attending FPK and to get to know you better. When you enroll your child into Fayston Kids, you become part of the Fayston Family. We want you to feel comfortable sending your child to school at FPK and answer any last questions you may
